

Organising your event at Greenbizz in Covid-19 times.

It is essential for Greenbizz to protect your health during your events. To do this we scrupulously respect measures imposed by the government.

Please note that as long as these standards remain in force and we cannot accommodate as many participants as before, you will automatically benefit from preferential rates for the rental of the room you choose.

Measures put in place :

- Hydroalcoholic gel is available in self-service in each space
- Particular attention is paid to the cleaning and disinfection of our rooms and sanitary facilities
- Waste bins specifically dedicated to masks, tissues and gloves are placed in all our areas to eliminate this waste in complete safety.
- The capacity of our rooms has been reduced (see below) in order to allow sufficient distance between participants.

Measures to respect as the organiser :

- Participants in meetings/events must be located at a distance of 1.5m from each other.
- Wearing a mask is compulsory in all common areas and if possible also when people are seated.
- Buffets (dinner/lunch) are not allowed, the meals must be served in individual portions.

Capacity of our rooms

The obligation of social distancing imposes on us a significant reduction in the authorised number of people per room:

	Atrium	M2M3	M2	M3	M4	M1
Conference	50					
Seated dinner	50 (max 10pers./table)					
U		14	8	4	4	2
Theatre		20	8	4		
Square		14	10	6		

Catering

Our three partner caterers have set up very strict protocols in order to guarantee the safety of their clients. Each of them can provide you with an informative document on this subject.
